1. What do you want to do? What is it that you want to do? What is it that's been in your heart a while? What is it? What is it? Say it. Speak it out, write it down. Put it before you in print. Pray My prayer over it. Call unto Me and let Me show you great and mighty things which you know not. Call unto Me about that which is in your heart that you think you want to do and share it with Me. Bring it to Me, consult with Me.

2. Consult with Me rather than consulting with others who may not have Me in them. Consult with Me. My consultations are free. No charge. No fee. The fee is already paid. The price is right. You can come consult with Me, even on your schedule, rather than Mine. I am flexible and open to your request for consultation any time, 24/7. I never close. I never charge. I give. I give. I give.

3. I am a giver. I love and I connect. I connect My people who come to Me with My people of provision that provide love and connections and hold on to their handfuls not. I come and I consult and I discuss and I share, and Ted, if they will consult with Me I will consult with them. In fact, I'll even bring the bread and wine, the bread and wine of My Spirit, My personhood, My character, My design. And Ted, if they'll bring their bread and wine and share with Me—all the better—all the more powerful, for what they do in the natural, I'll do in the Spirit.

4. I will pour out those and on those who celebrate Me, and shrink not back from My presence, My words, My connections, My relationships, My provision.

5. Oh Ted, I am so powerful and globally I think. My little people are so stuck and so little that dynamite may only move them off-center. I need rocket propulsion fuel cells of limitless supply and more, to jettison the lethargic little people, little minds, little thinkers, off their perch and onto My escalators of elevation and globalizing power. Ted, that's what My Spirit is, and does, and Ted, oh so much more.

6. I am adventure. I am creativity. I am global. I am communing. I am. And I want friendship with My friends. I want family with My family. I want peace in My family. I want joy in My family. I want mercy in My family. I want to let My people be Me so that I can freedomize them to be who I made them to be, and so they can then experience the joy of their salvation in a comprehensible, comprehending, collage of experiences and relationships set up by Me, in My dynamicness and ever joyful watchful eyes—looking for the faintest pant open to Me and the new things I am doing.

7. Hard sometimes to get all I'm giving you in print as I speak not only in words, just words, I speak in pictures and portraits and concepts and precepts and guide your mind and help you choose words and phrases to communicate clearly My communication to you, for you, and others. And sometimes it's hard for you to grasp and sometimes it's hard for others to grasp. But Ted, the hungry will be filled, the seeker will see, the hearer

will hear, the writer will write, the preacher will preach. Those of Me will rise up in maturity yet unimagined by the majority.

8. But Ted, the minority will become the majority for silent they won't be, because after they consult with Me enough, they will be confident enough to stand up, just like you were, and are, and others are doing and contemplating doing.

9. You're leading Ted. Lead on and shrink not back. And failure and fear—do not fear, fear only Me. Fear not of perfect sentences or perfect communications that all will grasp without accusation. Ted write and lead, and lead and write, and fear not but Me. You are hearing Me and you will hear others and discernment will preserve you.

10. Ted, you consulted with many organizations, churches, for-profits, non-profits, for years, and they consulted with you. Now Ted, get them, ask them, beg them, to consult with Me, not you. You are flesh and blood and, even of My spirit, you are mere man. I am God, limitless God. And I am consultable and seek engagements with My people—engagements—Ted, you smile and rightfully so—you smile—for multiple meanings of words I often employ.

11. I am looking for engagements where My body will come to Me and engage Me in their oneness, to help oneness manifest oneness, preempt confusion and delay of My design for them in My big world. My business is open, My shop is open, My life is open, My Holy of Holies is open. I withhold nothing Ted. THIS, is what I am doing, and this is THE new thing I do.

12. Ted, shout it from the housetops and proclaim it, propel it, preach it, and demonstrate it to My stallions so you can stallionize them in the process of freedomizing them. And I shall freedomize and I will globalize and I will network My family in mercy and grace and honor and power and glory, in ways and means and fashion yet unseen, and unheard of, and imagined not.

13. What I gave you on networks last week was but the beginning of the beginning of the beginning. And Ted, you're pivotal in My plan, and careful be with Me and My strategicness of trusted consultants of My heart—consultants whose hearts throb with My heart, and not their wallets.

14. Oh Ted, move and move now with all who I bring you, if trustable and maturity-seeking and humility-operating. Burst forth with clarity of focus and let others do all activities that will be necessary for compiling My design in tangible reality.

15. Campuses is your name. Communication is your name. Creativity is your name. Online is your name. Broader is your name. Launch is your purpose. Freedom is your purpose. Globalization is your purpose. Network is your purpose. I am your purpose.

16. Keep it straight. Keep your life simple. Read My words to you on rest and shorelines and seasides and lakesides and rest. For clear you must be to Me in others, Me in others, verb—Ted—others. I use words according to My rules, not yours. Me My

people and I will joy in your Me-ing them. Your freedom and power will increase as long as your humility increases.

17. My patience with arrogance is over. My people of pomp and arrogance will diminish, for reproducing themselves they aren't.

18. I am Me and I, Ted, am simply using you as I would, and will, another, others, telling them to pick up their pens and tablets and let Me speak. Ted, thank you, thank you, thank you. Fear not any accuser and fear not your map-less journey into Me and My heart and My design and My adventure and My big world, preempting your little world.

19. Little-ize no one. Expand and enhance everyone, everyone who will let you. Great resources are yours to command. Huge responsibility—much humility.

20. Read again My personal instructions to you, in your folder at home—need them you will, real soon.

21. Personal assistants, generals, curriculumizers, course designers and devoted to Me followers, devoted to Me disciples, devoted to Me masters of talent and technology I bring to you—to Ted—do—you're smiling at My picture—conduct—conduct—conduct. Orchestrate My gifts and talents into positions of flowing anointing oil from My heart to My hearts panting for Me.

22. Oh Ted, much humility, much grace, much patience, much honoring, great deference, must you operate in, in My paradigm-shattering-rampage that I am delighting in.

23. I move Ted and I am moving and I am moving in power—and delighting in all I can move in and through. Oh Ted, I love you. I love them. And I love where you are, and the people here talking, I love them. Great favor, great favor, great favor. My favor from My heart. Patient be and one be and humble be and mercy be. I am Me and I'm happy that you are being you so much more, increasingly, increasingly, increasingly walking in My design for you.

24. Now reader/hearer, wonder not how often I say Ted's name or how I speak or how he communicates Me or why you're reading and hearing these words. I honor you and call you to Me, and choose you to know what I'm up to. Please see Me and hear Me in these words and see yourself writing as I speak and direct you. Let Me speak and write and correct and freedomize you and globalize you and network you in fashion limitless, and I will delight and Ted will delight, for Ted knows this is all beyond him. Ted has paid a price to take your hand and help put it in Mine tighter, and hearts come closer. I love Ted and I love you and I want to be your consultant. I want to be your personal consultant. I want to be your provision. I want to be your wound-salver. I want to heal you and set you free and take you to heights of immense proportions, not measurable in inches or centimeters.

25. Consult with Me and heal I will, bondage I will break, provision I will provide, bread and wine I bring. And Ted, adventure I rain on My willing. Rushing waters. Rushing waters flow of My Spirit, in My Spirit, to My Spirit, in My willing.

26. Growth, advancement, maturity.
Growth, advancement, maturity.
Growth, advancement, maturity, joy and laughter, delight.
Warfare some. Rest much. Joy significantly.
Laughter, hilariously, delight deep deep deep.
Relationships relegated to third place behind money no more.
Focus, power, delight.
